

GRENADA

January 23 - 30, 2021

Join the Aqua Center as we embark on a new diving adventure: exploring the island of Grenada!

Grenada is a secret jewel for divers with its incredible wrecks, colorful reefs, and underwater sculpture parks. Located between the Caribbean Sea and the Atlantic Ocean (north of Trinidad and Tobago), Grenada is known as “the Spice Island” for its fragrant nutmeg, cinnamon, cloves, vanilla, and cocoa.

We will be staying at the charming, family-owned boutique hotel, *True Blue Bay Resort*, and diving with *Aquanuts Grenada*, which offer a unique diving experience specifically designed for divers by divers. Have breakfast on the same dock

where the dive boats leave, meet your dive gear which has been set up on the boat--thanks to the outstanding valet diving service, and be back on the dock in time for lunch.

When you're not diving, visit the shops at Market Square in the town of St. George; participate in tours to beautiful waterfalls, nature centers, the spice plantation, or the rum distillery; or simply bury your toes in the sand as you enjoy one of the island's numerous beaches.

PACKAGE INCLUDES:
